

Low Cost Quality Ink and Toner

Warranty and Claim

The manufacturer warrants this solid ink stick to be free of defects for a period of one (1) year from the date of purchase.

Should this solid ink stick found to be defective in materials and/or workmanship during the one (1) year warranty period it will be replaced at no cost.

The manufacturer further warrants that this solid ink stick, under normal use, will not cause damage, abnormal wear, or deterioration to any printer for which the solid ink stick was intended. Any claim that the use of this solid ink stick resulted in printer damage must be verified with satisfactory evidence that the solid ink stick was directly responsible for any such damage or failure. Any such claim must include a written statement on the service company's letterhead and signed by an authorized representative of the service company. Upon satisfactory verification by the manufacturer, we will provide reimbursement for the directly related service cost.

This warranty will become null and void if the warranted solid ink stick is handled, stored or used in any manner considered abnormal.

The manufacturer's liability under this warranty shall be limited to the replacement or reimbursement as defined herein. No other expressed or implied warranty shall exist.

All claims under this warranty should be directed to your dealer.

Use of aftermarket solid ink products does not void your Warranty. End users are often told by the manufacturers' technicians and salespeople that the use of generic supplies will "void the warranty" or violate the terms of a "Service Contract." This is not true and may be a violation of Federal Trade Laws if enforced by the manufacturer.
